

### COUNTRY LIFE MAGAZINE VOTED THE MERKINS FARM CAFÉ FULL ENGLISH AS ONE OF THE TOP SEVEN BREAKFASTS... IN BRITAIN!

We are so pleased to have finally finished and open the new room at Merkins! We hope you enjoy having a Merkins Full English, looking at our new wall art, and browsing the new Merkins Gift shop, as much as we have enjoyed creating it all.

**But...Don't look in the Drawer !?!**

*Its always coffee time at Merkins!*

Exciting news! We've recently had a new coffee machine installed by Clifton Coffee Roasters, a local roasters located in Bristol! At the beginning of April, we went to the Clifton Coffee Roasters warehouse to see how they roast their beans to create their delicious coffee, while learning lots of new and exciting coffee skills.

*Recommended this month*—the Merkins Mocha. A delicious balance of chocolate and freshly ground Clifton Coffee beans, with a sprinkle of chocolate on top.

SPECIALS! Our specials are getting in the Spring spirit! Have a look to see what has been freshly made today for you to enjoy.

Happy  
Easter

Easter is later this month! Which also means Spring is finally here. We love spring—warmer days, lighter evenings, perhaps some April showers... (hopefully not too many), lots of chocolate, and to be able to enjoy the views from Merkins whilst sitting in the Hut in the spring sun. Bring the little ones this Easter holidays to also enjoy the outdoors at Merkins, they can have a run around the field and refuel with a Merkins Thickshake, or a Marshfield Ice Cream!

#### MERKINS FACT—DID YOU KNOW?

Our outdoor seating area, known as the 'Hut' is an old train carriage, when we bought it, it is was lop-sided with no wheels. Farmer Jon then renovated the Hut himself to become a light but cosy outdoor seating area for you to enjoy.
